From the Pastor:

November 4, 2020

Dear Parishioners,

There's an old joke that is just a simple question: So, other than **that**, Mrs. Lincoln, how'd you enjoy the play? I'm sure we've all felt like that at one point or another during this pandemic; but life must go on.

Speaking of which, St. Anthony Parish has a significant milestone coming up. Next year, we will be 100 years old! This is something that must be celebrated! Of course, we are going to have to be creative due to the precautions that have become a daily part of life. But celebrate we must!

We want to be able to send a message to future generations of St. Anthony parishioners that we not only survived this pandemic – we prevailed! I just know that we can come up with some wonderful, safe ways to celebrate this monumental event. If you have ideas or would like to help in the planning, please contact me or our Development Director, Sharon Murrah.

The nursing home finally gave Fr. Bartos the cards many of you sent. He is so appreciative! Keep up the prayers – they're working! He gets stronger every day.

Be kind today. It won't cost you a cent! Keep safe.

Devotedly,

Fr. Michael Grady

ANNUAL GIVING CAMPAIGN

Will you help Saint Anthony Catholic School students?

During these uncertain times, **TeamSACS** has rallied to make it the best possible experience for our school. In March of the 2019-2020 school year, our school technology had to be quickly converted to 100% remote learning when COVID-19 lockdowns first came into effect -- all to a staggering cost of \$34,245 to upgrade iPads and purchase software applications, microphones, cameras, tripods and stands, etc. With the return to in-person learning these past few weeks, the cost for Personal Protective Equipment (PPE) is \$17,505 and running! This includes the purchase of individual desk sneeze guards, touchless sanitizing stations, washing stations; cleaning products, thermometers, etc. Additionally, \$20,000 to hire a porter for extra cleaning during the school day has been spent. **Nearly \$72,000** (still growing), not part of the original budget, was spent to adapt to this ongoing pandemic!

All of our children benefit immediately and directly from S.A.F.E. support for technology projects and educational programs. Over the years, **S.A.F.E.** provided funds that helped every Saint Anthony student to have access to the newest technology and cutting-edge tools, which **now more than ever** has proven how important this need is. All of these benefits are a direct result of people like us donating to the Annual Giving Campaign.

If you can, now more than ever is the time to contribute! You can even donate online by visiting <http://saintanthonyschoolfl.org/give-now-2/>: or **hover over the QR code with your camera**. For your convenience monthly debits from a credit card or bank account are an option. **If you can**, please support the Annual Giving Campaign with your gift or pledge today to ensure this proud Saint Anthony tradition continues. **Do not forget to click the "Double the Donation" button to see if your employer will match your gift!** Please designate your United Way contribution to go to Saint Anthony Catholic School.

All Souls envelopes are available in the racks at each exit door. If you would like to have family members and friends remembered during the month of November please place their names on an envelope and place it in the offertory basket at the weekend Masses.

These envelopes will be placed on the altar through the month of November.

A great start for family discussion??? What is moral intelligence??? Even if there are giggles, frowns, or snickers, why not pose the question??? There are IQ tests to tell of academic intelligence! How do we ascertain the level of moral intelligence??? A start is to determine what are the traits or habits each person demonstrates! Empathy? Conscience? Self-Control? Respect? Kindness? Tolerance? Fairness?

Ephesians 4:2: "Be completely humble and gentle; by patient, bearing with one another in love."

ALL SAINTS' DAY

Each year beginning in late September, the third grade students at Saint Anthony are engaged in what lends itself to be the most exciting religion project of the school year: All Saints Day. It's during this time and into the month of October that the students are exploring the life and times of saints of their choice.

The project begins with the students working at home with their families talking about and making a choice of which saint to report on, most often with the student choosing his/her namesake. Parental guidance is given with locating and researching information. Students bring to class the information, using their iPads to begin writing in their own words what they've found supporting the areas of feast days, memorable stories, important facts, why they admire their saint, and a question they would ask their saint. Students then work on printing and displaying their work in poster format making sure to include a photograph of the saint. Students are then asked to bring in clothing to dress up as their saint while presenting their research to the class in full attire.

In the past, on All Saints Day, or the school day just prior to, the students would take part in the school Mass processing dressed as their saints carrying symbols of their saint. This year, due to the pandemic and the need for social distancing, the students paraded outdoors on the school's campus displaying their Saint of choice through dress and watercolor symbolic artwork. The spirit and pride of their efforts were evident on their smiling faces as they paraded past their SACS family and friends (teachers, staff, and students).
